

FULL

- ✓ Continuous slicing of all types of bread
- ✓ High speed, thanks to motorized in-feed belts
- ✓ Robust
- ✓ Adjustable speed
- ✓ 5 years parts / 1 year labor warranty

Up to 1000 loaves an hour

Front control panel
Motorized adjustment of the upper belt height (height of loaves). Next to the front panel controls, a timer accurately records your working time.

Full 520 T2

Foldable bag blower
Saves packaging time.

Rear loading belt
Provides uniform continuous cutting, thanks to adjustable side guides.

Full 520 T3

Motorised outfeed belt
Fitted with adjustable guides to ensure that the bread is held together after cutting.

Variable speed drive
Allows the cutting speed to be adjusted to suit the type of bread.

Loading ramp
Fitted with side guides, increases loading capacity.

Two crumb collectors
8,7 gallons capacity each.
